

Order Form for Graduation Video

The long journey has come to completion, and now you can cherish this moment of achievement for life.

We at **Columbus State University** are proud to be able to offer professional quality video coverage of your graduation. This is a very memorable occasion that you and your family will want to remember. It is hard sometimes to record the best view of the graduation ceremony while trying to enjoy it, and pictures are taken quickly as the graduate walks down the aisle. This is a great opportunity to send the graduation ceremony to family who were not able to make it to this special occasion. We want to capture this precious moment in time by creating a well made and quality video for you to keep. It's been said that you can't buy a moment in time, but we choose to differ when it comes to reserving a copy of your senior's graduation.

Please mail the **bottom** of this order form and payment to:

**Center for Quality Teaching and Learning
Columbus State University
3100 Gentian Boulevard
Columbus, GA 31907**
